New offers 2021

ATTRACTIVE COMBINATIONS AND INCREASED FLEXIBILITY WITH A MODULAR SYSTEM

The Corona-induced shutdown revealed it: we will most certainly be better off in the future with flexible and adaptable planning. On-site services will be offered digitally, digital services will again be offered centrally...

During this time, I have experienced for myself that both off- and online offers have their advantages and disadvantages. I have therefore developed new and flexible formats that I would like to present to you. They consist of different modules which I can combine for you on request.

Modules

Example:

1. Webinar/Speech to communicate initial content
2. One full-day workshop on site
3. Sharing experience online
4. Half-day refresher online
5. Optional participation in the [discussion forums](#)

Several weeks, or in the case of a refresher, several months can be inserted between the individual modules.

Possible contents

The topics I communicate can also be combined:

- Dealing with power games
- Handling fouls and attacks
- (Salary) negotiations
- Job interviews
- Self-marketing and appearance (offline only)
- Self- and time management

All offers are available in German, French or English.

If you are interested in one of my formats or in a combination of different elements, please contact me directly:
